Things get wild in Glamour which features stamina releasers, stunt psychology extravaganzas and a dash of hands-on creativity.

You'll be totally psyched to find that this learning experience is no zombie retreat of a money-spinning format.

Glamour is about simultaneously applying creativity to personal constraints, major team dysfunctions and idea generation process. It's about the true meaning of unleashing team expressiveness.

Ingenious group activities, poignant movie clips, music and lyrics give Glamour an irresistible twirl. Highlights are the super-smart team diagnostics that actually propel the program, and the rhythmic, catchy sequence of well thought-out interactions surely destined to get everyone enthused.

Despite facilitators' excellence, this is an ensemble triumph. Even the 5 step ideation process is just a conventional showcase for Glamour's true ideals: authenticity, resourcefulness and inventiveness. Every unit pops with energy, subgroups run impromptu projects and a non-stop choreography brings it all together.

It's harrowing, it's fun, it's human. Compelling like a magic spell.
